Registration: why and how

Business owners and individuals help grow our great City through business activity and tax dollars and ensure the success of our local economy.

Through the collection of over \$2.5 billion in revenue from sources including taxes, licenses, fees and permits, we are able to provide financial support to a wide range of essential City services that benefit all who live, work and visit here, such as public safety, libraries and local parks.

WHY REGISTER?

Taxpayers should register for a business tax registration certificate in order to remit taxes due. Failing to remit taxes will result in the revocation of the license issued by the Department of Cannabis Regulation. Late registrations will result in assessed interest and penalties.

The Business Tax Registration Certificate is not a permit and does not authorize the person to conduct any unlawful business or to conduct any lawful business in an illegal (or) unlawful manner or to conduct within the City of Los Angeles the business for which this certificate has been issued, without strictly complying with all the provisions of

the ordinances of said City (or) all local applicable laws, including but not limited to those requiring a permit from any board, commission, department or office of the City.

HOW DO I REGISTER?

Unlike other businesses, a Cannabis business operating a location within the City of Los Angeles must apply and receive a license to operate from The Department of Cannabis Regulation before a business tax registration certificate can be issued by the Office of Finance. The Department of Cannabis Regulation licensing overview can be found at <https://cannabis.lacity.org/licensing/commercial-cannabis-activity>. Upon receipt of authorization from the Department of Cannabis Regulation a business tax registration certificate may be obtained from any of our three service center locations.

OUT OF CITY REGISTRATION

Businesses located outside of the City of Los Angeles may also need to register for a Business Tax Registration Certificate and report and pay related business taxes.

If your business is located outside of the city and you sell cannabis products or provide transportation of cannabis prod-

customers located inside the city a Business Tax Registration Certificate is required for that intercity business activity.

The sales to customers located inside the City of Los Angeles are subject to the city tax. Only a portion of the gross receipts from intercity cannabis activities will be taxed. The guidelines from City Clerk's Ruling No. 13 might be used to determine an apportioned amount. Please contact the Office of Finance Cannabis Unit by e-mail at cannabisaudit@lacity.org.

If you are located outside of the City and receive a letter regarding possible business activities inside of the City please read the letter and contact the person listed to determine if a business license is required for intercity cannabis activities.

ADDITIONAL REQUIREMENTS

A sellers permit and sales tax remittance may be required for your business. Please inquire with the California Department of Tax and Fee Administration at <https://www.cdtfa.ca.gov> for specific details.

Additional permits may be required from the County of Los Angeles for your business. For additional information please visit the County of Los Angeles website at <https://www.lacounty.gov> for specific details.

Additional permits and licenses are required for a City of Los Angeles Cannabis business. For all Cannabis business inquires, please visit the Department of Cannabis Regulation's website at cannabis.lacity.org

AVOIDING TAX REGISTRATION AND PAYMENT

A cannabis business seeking a license renewal from the Department of Cannabis Regulation must be current on Office of Finance tax filings and amounts due before the renewal will be considered. Unpaid taxes will result in accrued interest and penalties. Outstanding balances may be forwarded for collections and the business will be billed for any fees or charges incurred during the collection effort.

For additional information refer to Department of Cannabis Regulation, Cannabis Regulation No. 11 Renewals and Cancellations.

IMPORTANT NOTICE:

ADDITIONAL PERMITS AND LICENSES ARE REQUIRED FOR A CITY OF LOS ANGELES BUSINESS. FOR ALL CANNABIS BUSINESS INQUIRIES PLEASE VISIT THE DEPARTMENT OF CANNABIS REGULATION'S WEBSITE AT CANNABIS.LACITY.ORG

What is taxable?: tracking and reporting

All gross receipts generated from business activities are subject to tax. The classification and tax rate are determined by the individual activity. The tax is self-reported and it is the responsibility of the taxpayer to register for all tax classifications and report all gross receipts earned.

CALCULATING RECEIPTS

All receipts generated from cannabis activity should be included in the calculation of gross receipts. This includes any excise tax, other tax, and fees collected.

MULTIPLE ACTIVITY TYPES

If gross receipts are earned from multiple cannabis tax classifications, the receipts should be allocated and taxed according to each specific classification.

NON-CANNABIS SALES

Non-cannabis products sold at wholesale should be classified and taxed under LAMC Section 21.41 (g) / LGR1 Wholesale Sales. The tax rate for wholesale sales is \$1.01 for each \$1,000.00 of gross receipts and is due annually.

Non-cannabis products sold at retail should be classified and taxed under LAMC Section 21.43 (e) / LGR2 Retail Sales. The tax rate for retail sales is \$1.27 for each \$1,000.00 of gross receipts and is due annually.

TAX EXEMPTIONS

There are no business tax exemptions for business classified under LAMC Section 21.51 Taxation of Cannabis and Section 21.52 Taxation of Medical Cannabis.

SALES OF CBD PRODUCTS

CBD products covered under Section 11018.5 of the California Health and Safety Code are not considered cannabis sales. These gross receipts earned from these products should be classified and taxed accordingly under LAMC Section 21.43 (e) / LGR2 Retail Sales and or LAMC Section 21.41 (g) / LGR1 Wholesale Sales.

PAYMENT OF TAX

This cannabis tax is a privilege tax imposed on the business. This cannabis tax is not a tax on the consumer or purchaser. If this tax is charged to the customer, the amount collected will be considered as taxable gross receipts to the business.

THERE ARE NO TAX EXEMPTIONS FOR THE SALES, CULTIVATION, AND DISTRIBUTION OF CANNABIS.
